Looking forward for your gracious presence

Every year, Bon Secours College of Education, Thanjavur, conducts a bridge course for the freshers of the academic year. This Course is designed to support new students in smoothly transitioning into their professional education journey.

The course was spread over a week with five lectures, where different resource persons from the education field gave special interactive lectures with activities.

This series of sessions bridges the gap between prior knowledge and the advanced concepts that they will encounter during their studies. The course emphasises the development of essential skills such as communication, emotional intelligence, and innovative thinking, ensuring students are well-prepared for academic and professional success. Due to some unavoidable reasons, with constant support and discussion with the Principal, Dr.K.A.Antonysamy, certain changes took place in the schedule that we had planned earlier. As planned, the course ended with the desired outcomes.

This Course is a crucial initiation for aspiring teachers, providing them with the foundational skills, values, and mindset necessary for success in their careers. Through a blend of theoretical discussions and practical activities, students emerge better equipped to face the challenges and opportunities of modern education. This course was coordinated by Mrs.S.Devi, Assistant Professor in English Education.

*Day – 2
