Faculty Development Programme on Communication Skills

Our college has a modern language laboratory with the state-of-the-art audio-visual equipments and new software was fetched on 08.08.2017 by **Mr. Suresh Babu** for enriching our language lab. He gave training on “**How to enhance Communication Skills by applying Technologies**”. Enthusiastically all the staff members practised in the Lab by listening and recording their voices. Also they learned a lot about Soft skill developments. It is very much helpful to them to update their knowledge in teaching and presentation.
